

# BIKING AND WALKING IN CALIFORNIA

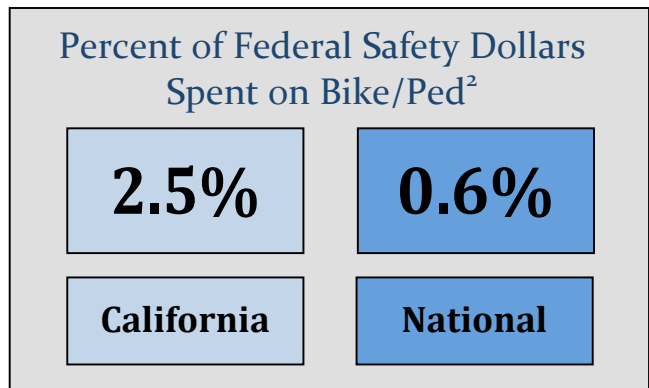

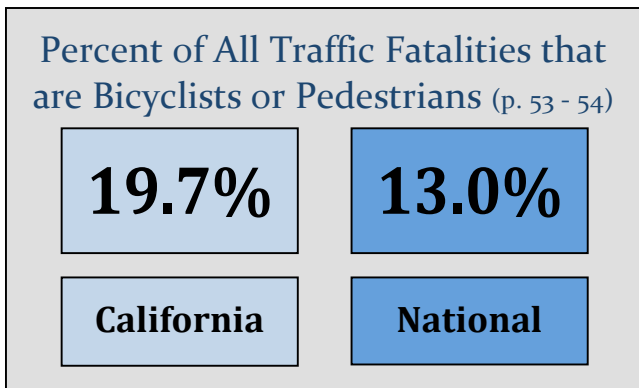

The Alliance for Biking & Walking recently completed their 2010 Benchmarking Report, a collection of bicycling and walking data from all 50 states ([www.PeoplePoweredMovement.org/benchmarking](http://www.PeoplePoweredMovement.org/benchmarking)).

Check out how your state matches up in:

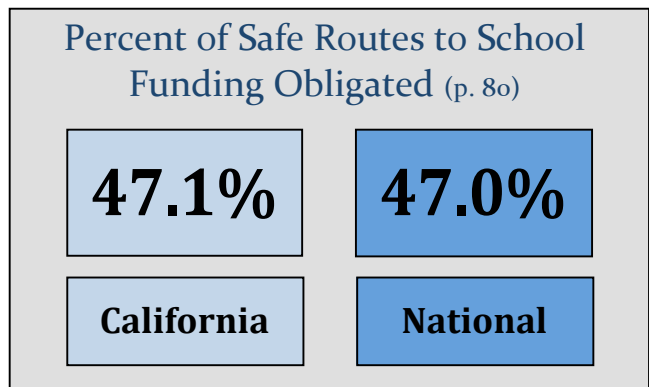

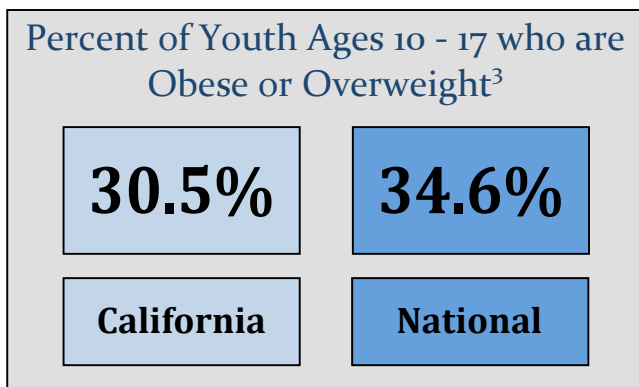

## Transportation

## Safety

## Health

<sup>1</sup> The 2009 National Household Travel Survey (NHTS) reports the national rate is now 12%. The 2001 NHTS national rate of 9.6% is cited here to be comparable with the state data, which was estimated using the 2001 NHTS.

<sup>2</sup> Federal Highway Administration (FY08 Highway Safety Improvement Program and FY08 Section 402 Funding)

<sup>3</sup> Trust for America's Health (<http://healthyamericans.org/states/states.php?measure=overweight>)
